SUSTAINABILITY INITIATIVES

Connect Responsibly

Embed sustainability into your events via Marriott's Connect Responsibly programme! We offer our meetings and event planners access to a detailed Meeting Impact Report post-event to measure the environmental impact of your events and select options to purchase carbon credits.

The Meeting Impact Report captures event details, property-specific sustainability practices implemented for the event, and the event's carbon and water footprints, calculated through established hospitality industry methodologies. With the report, our meetings and event planners then have the option to choose to purchase from a range of carbon offset projects through Marriott's collaborative partner – Arbor Day Carbon.

Glass-Bottled Water

Single-use plastic bottles have been eliminated from the Hotel's function spaces and restaurants. Instead, we work with BE:WTR, a local water bottling plant that uses Swiss technology to serve water in reusable glass bottles, thus reducing our carbon footprint.

Paperless Transactions

Since 2024, we have made the shift to digital registration cards and electronic invoices. Guest registration is now processed via a digital terminal and a wireless billing terminal also allows us to have receipts directly provided into our system. These actions have allowed us to make significant reductions in paper use and waste.

Sustainable Food Sources

By the end of 2025, at least 70% of the Hotel's animal proteins (inclusive of poultry and eggs) will be sourced responsibly and/or from cage-free sources. At least 50% of all our produce will also be locally sourced to ensure that our carbon footprint is kept to a minimum.

Waste Reduction and Recycling

Larger residential bath amenities have completely replaced single-use plastic bottles in our guestrooms in a bid to reduce landfill waste and plastic pollution from our oceans, rivers and food ecosystems. The Hotel also takes part in a soap recycling programme where used soap bars from guestrooms are recycled, repurposed and distributed to migrant workers, vulnerable families and communities, both locally and regionally.

GENERAL TERMS & CONDITIONS

TAXES & SERVICE CHARGE

All rates quoted are subject to 10% service charge and thereafter, the prevailing goods and services tax unless otherwise stated as nett. Please note that taxes are subject to change without prior notice.
